

MCFB Ag/Member highlights

September 2022

### **MCFB Signs and Handout Cards**

MCFB needs your help in promoting our local Montgomery County Farm Bureau and to recruit new members! Send an email now to mcfarmbureausecretary@gmail.com to request a sign or two to put up on your farm, display in your Ag business or stationed for all to see as they enter your farm market! We also have cards you can use at point of sale locations in your farm business for patrons to take! All contain a QR code that takes them directly to the registration page to join MCFB! It's that easy! Please do your part to promote and recruit members of our community to support our Montgomery County Farm Bureau and its members.

### **Close Encounters with Agriculture**

The Extension Office is gearing up to welcome thousands of fourth graders to the Farm Park! Close Encounters will take place most days in October. Students learn about agriculture, nutrition, and the environment through various activities and lessons. The field trips take place from approximately 10:15am-1:30pm. If you are interested in volunteering for or observing this program, please contact Kelly Nichols at kellyn@umd.edu. The Farm Bureau annually supports this Ag Education effort!

## MCFB Ag/Member highlights

#### **Our Farmers**

Maryland's Best recently highlighted **Savage Acres Farm**, one of our many Farm Bureau members living and farming in the Agricultural Reserve. https://www.youtube.com/watch?app=desktop&v=pQM8vYo5UG8&feature=youtu.be

Would you like to highlight your farm or Ag business in our MCFB communications newsletter? Please send us a picture or two of your farm along with a short write up discussing your farm/ag business so we can highlight you in one of our next issues! Send to **mcfarmbureausecretary@gmail.com** and we'll contact you with any questions.

**Annual Picnic:** The Annual MCFB Picnic was held on June 5 at Sunny Ridge Farm in Laytonsville. About 100 members attended. Thanks goes to the Special Events Committee for a very nice affair!

**Young Farmers:** The young farmers gathered at **Butlers Orchard** for their summer picnic! Following a brief presentation on Transition Planning and dinner, the young farmers took a tractor tour around the farm and picked flowers, blackberries & potatoes.

If you would like to learn more about Young Farmers please reach out to Tyler Butler at tylercbutler@gmail.com or Catherine Savage at Csavageg@vt.edu.

### **Ukraine Fundraiser**

On March 31, 2022, **Bella Vita Farm** and **Sister Axe** hosted "Throw Your Support for Ukraine".

The host farms reported that, "Despite windy and rainy weather, 61 people came out to show their support for Ukraine and we managed to raise nearly \$3000." The owners have a friend from Lviv, and know her brother who still resides in Ukraine. The Ukrainian family was prepping an old Soviet underground bus depot as a shelter. The family needed a generator to provide lighting and heating. The farmers were able to wire the money collected and the family was able to get one of the last remaining generators at a local hardware store!

The shelter, established with support of these local farm owners, will be able to give nearly 300 people a safe place and other necessities for daily living. Three weeks after the event the farmers received a video call from Lviv and were given a virtual tour of the shelter where their Ukrainian friend's family fired up the generator, turned on the lights and said, "Thank you for making this possible, we are now ready." Sometimes when you support locally, you can impact globally.

### **Upcoming Events MCFB and Extension**

MCFB Annual Dinner on November 5 in the Heritage Building

**Practical Experiences in Nutrient Management**, September 27, from 9:30 am – 3:00 pm at the Central Maryland Research and Education Center in Clarksville.
